expect more, achieve more

Dear friends:

On behalf of the faculty and staff of Bridgewater State College, I congratulate all members of the graduating class for making it to the finish line with such energy and enthusiasm. In your years here together you have grown and achieved not only as students but as fully-engaged and knowledgeable members of our society. Coupled with the comprehensive, world-class education you received as been the cultivation

of strong, unique relationships that will serve you well throughout your professional and personal lives. Each of you is capable of remarkable things and your futures are limitless in their potential.

During your time at Bridgewater, the reach of our institution has grown considerably just as more and more citizens of the Commonwealth have taken note of our rise. Behind every expansion, innovation or accolade stand hard-working, bright and productive students. Your talents and abilities - be they intellectual, artistic, athletic, creative, or scientific - have propelled this institution ever forward and countless generations of BSC students will benefit from your perseverance and commitment.

As you join the ranks of our proud alumni, I hope you will remain dedicated to advancing the causes of humanity as you build an exciting and enriching life for you and your family. Continue to give back to your communities, knowing that as leaders you have been called upon to think beyond the self. Care for one another and be humble in your pursuits. And each day take with you the blessings of a Bridgewater education and the tremendous pride of your alma mater.

Sincerely,

Dana Mohler-Faria

A letter from our Editor:

To the Class of 2007

Congratulations on graduating! All your hard work at BSC has finally paid off and now you're ready to face the world outside of lecturing professors and cafeteria food.

Through this yearbook, it was my hope to capture your most significant memories from your senior year into so many pages. I hope that these photographs can help you remember special moments from the past year that you'll hold in your heart for years to come.

In closing, I just wanted to wish each and every one of you the best of luck in wherever life takes you. Always remember the great times you had here at BSC and all the meaningful relationships formed. I know that your experience at Bridgewater has been a memorable one that will guide you through many new experiences you have. The lessons you have learned both inside and out of the classroom have enhanced your education and can be summed up in the following quote by Martin Luther King, Jr:

"Intelligence plus character -- that is the goal of a true education."

Congratulations and good luck in all your future endeavors!

Sincerely,

Alyssa Seeto
